Dear GPTCHB Partners,

Lower Brule  
Sioux Tribe

Please accept this letter as our formal notification of our plans to move to a new office building here in Rapid City, SD. The capacity and needs of our organization have outgrown the existing footprint of our current location that we have occupied for over 14 years. Many of our programs require meeting space to facilitate collaboration amongst the staff and our external partners. With a basement that is not ADA compliant and only one large conference room in our existing location, this was a limiting factor for our staff and often times required the organization to rent meeting space from local hotels in Rapid City.

Our new office location is entirely ground-level and ADA compliant, with three conference rooms and an East wing of the building that consists of a large meeting room for board meetings and a large training room, break room, and full-service kitchen. The added space will better facilitate large meetings and save the organization costs that would otherwise be spent in renting space.

Our lines of communication via phone and fax will remain the same, and mail will be forwarded from our old mailing address. We plan to start moving on Thursday, February 15 and completely moved by Monday, February 19. On Friday, February 16, we are anticipating a maximum of 1-2 hours of downtime when our IT network is migrated to the new building. We appreciate your understanding as we make this exciting transition.
